

# TURN THAT WINTER DRAFT INTO A TROPICAL BREEZE

Get a year-round heat pump that outperforms central furnaces in cold climates as low as -13° F.

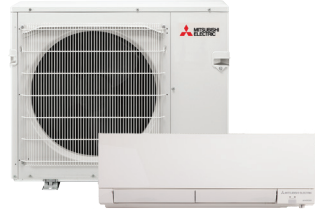

COOLING & HEATING

Say goodbye to cold rooms and outrageous utility bills. And say hello to year-round comfort made personal. See how a Mitsubishi Electric Zoned Comfort Solution™ with Hyper-Heating INVERTER® technology can keep you warmer than ever this winter:

- ▶ Up to 40% more efficient
- ▶ Quieter than a human whisper
- ▶ Improves air quality
- ▶ kumo cloud™ app control
- ▶ Compatible with popular smart thermostats
- ▶ The #1 selling zoned brand
